Indicators

Integral Plus Bio-Activator is a new Elastodontic Appliance of the **Amcop Bio-Activators** range, indicated for the treatment of the arches, during the alignment of the dental elements that compose them, with fixed multibracket Appliances.

The aim is to improve, simultaneously with the alignment of the teeth, functional, skeletal, articular and neuro-muscular problems.

APPLIANCE INDICATED FOR THE FUNCTIONAL TREATMENT OF DENTAL ARCHES WITH MULTIBRACKET

THE BENEFITS

Integral plus

Resolution of skeletal problems concerning distorted and misaligned arches.

Improvement of the craniofacial skeletal complex in a context that includes the dental-parodontal, skeletal, neuro-muscular and TMJ systems.

Reprogramming of the stomatognathic system through optimal recovery of form and function.
